

Environmental Policy Statement

Wavemar Electronics Ltd is committed to minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating its operations and ensuring they are as efficient as possible.
- Minimise toxic emissions from its activities and source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source a product range to minimise the environmental impact on both production and distribution.
- Meet or exceed all the environmental legislation that relates to the company.
- Use an accredited program to offset the green house gas emissions generated by our activities.
- Working towards ISO14001 accreditation.
